

K-LOVE broadcasts on 94.9FM in Memphis, Tennessee where I live. This station provides valuable family oriented programming and news to my community. If the station was replaced by an LPFM broadcaster, there would be no other alternatives for this same format and programming in my local market. I believe that K-LOVE should be allowed to continue to broadcast on this frequency in my community because the family friendly programming promotes wholesome values and has a positive and encouraging impact on my community.
